

Strategic Futures

A Goal Achievement Program Designed for High School Leadership Students

Learning a proven process of how to set and achieve a goal is the single best skill a student can learn before making decisions that will last them a lifetime!

Program Highlights:

- Two-Hour Session: Equip your students with essential skills in a dynamic learning environment.
- Customized Curriculum: Tailored content designed to foster academic and career excellence.
- Engaging Activities: Interactive exercises to inspire collaboration, creativity, and self-discovery.
- Every student will be provided with a Strategic Futures Workbook to complete, enabling them to craft their individual path to success and the option to purchase a copy of Mike's book "Beyond S.M.A.R.T." at a discounted rate.

"To change the world, empower a student to chase their dreams. In teaching them to achieve their goals, you inspire a ripple effect of impact that extends far beyond the individual."
